AZZAM HANNOUF

PROJECT MANAGER CONSULTANT

Experienced project manager consultant with over 10 years of experience in the nuclear, water treatment and oil and gas industry. I am delivering a large-scale project (100M€), while managing cross-functional and multicultural teams. Possessing an MBA and PMP certification, skilled in project planning, budgeting, and risk management. Proven ability to adapt to new environments and technologies, bring fresh perspective and new ideas to a project.

PROFESSIONAL EXPERIENCE

2018 - PRESENT | PROJECT MANAGER CONSULTANT PIMAN GROUP | FRANCE

Provides expert advice and support to organizations to help them plan, execute, and complete projects successfully.

Main responsibilities:

- Identifying project goals and objectives
- Developing project plans and timelines-
- Managing project resources
- Monitoring project progress and making adjustments as needed
- Communicating with project stakeholders
- Identifying and managing project risks
- Ensuring project deliverables meet quality standards
- Managing project closeout and post-project evaluations.

Main missions:

- Project Manager (100M€) (Nuclear sector)
- Investment Projects Manager (5M€)(Nuclear sector)
- Project Supply Manager for large scale project (Nuclear Sector)
- Project Engineer (8M€) (Oil & Gaz Sector offshore projects)

2014 -2017 | TEAM LEADER SUIDO KIKO MIDDLE EAST | KSA

Responsible for EPC projects design (15M€) related mainly to MBR filtration in water treatment sector. Actively managed a group of multidiscipline engineers to develop and maintain design deliverables. Planned and followed up design packages that included all deliverables for construction, procurement, and operation.

2009 -2014 | MECHANICAL ENGINEER SUIDO KIKO MIDDLE EAST | KSA

In charge of installation and commissioning of electromechanical facilities (clarifiers, pumps, dewatering, MBR etc...) in water treatment projects (EPC 35M€). Provide construction project reports (Daily, weekly, monthly).
